The Student Shift to Virtual during COVID-19
From online learning to a tough job market, students have been heavily impacted by COVID-19. Handshake surveyed over 1,000 college and university students in the U.S. Here’s what we learned since our last student COVID-19 report.

Nearly 9 in 10 students reported that COVID-19 has adversely affected their mental health in one or more ways.

Career services can help
Students still want guidance when it comes to navigating virtual recruiting.

What students seek from their career center

Students are aware of the challenges of remote work

Nonetheless, students are adapting to the virtual environment

51% of students are open or very open to taking a fully virtual job after graduation.
