Closing the Gender Gap

By Gender

All Respondents

Top motivators for choosing an employer:

- Salary
- Benefits
- Growth opportunities
- Meaningful work
- Work flexibility (when, where, or how)

66% of women along with 65% of non-binary individuals look for women in leadership roles before applying for a job, compared with 62% of men.

Visibility of women in leadership roles is a driving factor for the majority of women and non-binary early talent job seekers.

Commitment to equal pay and non-discrimination in pursuing career opportunities.
